

Spartan Gayeties To Feature Spardi Gras; Booths Will Have Part In Day

Prize Offered For Best Songs And Music For Gayeties

Preceded by a campus-wide contest for the best words and music to feature a grand "Spartan Gayeties" show, the annual Spardi Gras celebration will be staged this year on May 11, it was announced yesterday by student body president Frank Covello. Dario Simoni, vice-president of the student body, has been appointed general chairman of the great event.

COLLEGE TRADITION

Combining a colorful stage show with afternoon concessions in the quad, Spardi Gras has become one of the most outstanding traditions of the San Jose State College, offering an entire day of gaiety, dancing, and entertainment to all the students, who are expected to array themselves in a variety of fantastic costumes and have the time of their lives.

Although the afternoon carnival will not be conducted in such a large scale this year, other features of the celebration will be super-productions, the chairman announces.

MUSICAL REVUE CONTEST

Offering liberal prizes for the best words and music entered in the "Spartan Gayeties" contest, President Covello and his co-workers invite the entire student body to compete. "Spartan Gayeties" will be a two hour musical show featuring college talent only. Paul Cox, appointed chairman of music for this event, promises a fast, tuneful revue of comedy, dancing, and singing, performed by a galaxy of beautiful girls—all local talent—and featuring the prize-winning songs submitted by some campus Gershwin.

All those interested in competing for the honor of being the composer of "Spartan Gayeties" are urged to begin working on their masterpieces as soon as possible, since there is not a great deal of time before the musical comedy will stage.

SOCIETIES SPONSOR BOOTHS

Compositions may be submitted to Frank Covello, Dario Simoni, Paul Cox, or may be left in the Times Office. The judges will be announced later.

Concessions for the quad carnival will be sponsored by individual campus organizations. The presidents of all groups desiring to sponsor a booth are requested to sign up immediately with Dario Simoni, who will be in charge of concessions.

Further plans regarding the stage show, which is to be the major attraction of the 1934 Spardi Gras, and other activities of the day, will be announced as soon as possible in the Times.

Faculty To Vote on Civil Service Bill

Faculty members of San Jose State College will vote on whether they want to come under the civil service status of other state employees sometime next month. Other California state colleges will also vote in the near future on this question. Dr. T. W. MacQuarrie attended an important meeting at San Francisco during the past week-end to discuss this question which is one of great importance because a constitutional amendment to put civil service in the state constitution is to be brought up before the legislature next fall.

COMMITTEE IS NAMED TO SELECT WINNERS IN LOCAL PHELAN CONTEST

Covering the major types of English literature, 358 entries were received by Dr. Raymond W. Barry, head of the English department, for the Phelan literary contest. The entries are now being considered by four groups of judges selected from the faculty, who will choose the ten best in the field of the drama, essay, poetry, and short story. The final selection will then be submitted to a group including Mrs. Gertrude Atherton, the novelist, who will select the best short story; Miss Edith Mirrieles, of the faculty of the English department at Stanford University, will select the best essay; Ransom Rideout, the playwright, will choose the best drama; and Miss Sarah Bard Field, the poet, will select the winning poem.

On one of the four faculty committees judging the entries is Miss Helen Dimmick, chairman of the committee on short story. Her committee includes Mrs. Florence Bryant, Mr. Harold Miller, and Mrs. Charlotte Rideout. Dr. Carl Holliday is chairman of the poetry committee, and working with him are Mr. James Wood and Miss Helen Sprague. Dr. Barry is chairman of the group judging the essay, and his committee includes Mrs. Stella Schuchardt and Miss Eleanor Gratz. Judging the drama are Dr. Dorothy Kaucher, chairman and Mr. Lawrence Mendenhall.

Towards the end of May the final decision of the judges will be made known, and the prizes awarded accordingly. Dr. Barry stated that a program will be given during which the winning poems, essays, short stories, and dramas will be read, similar to that presented in the Little Theatre last spring.

Charges Made Against State C. of C. Refuted

The State Chamber of Commerce had been charged, it was learned today, with trying to suppress a report by declaring it and the public utilities as in opposition to the cause of public education.

The charges were made by Mrs. Maud Glasen, chairman of the vocational opportunities committee of the American Association of University Women, and brought forth the following statement from the Chamber of Commerce:

"Any statements whatsoever charging or inferring that the State Chamber of Commerce took any action or position on any legislative measures dealing with education, other than the four bills supported in the 1933 session of the Legislature, are incorrect."

"The State Chamber is interested in the perpetuation of education along the soundest possible lines, and in participating in the development of the most efficient educational system possible. It is self evident during these critical times that elimination of waste in all lines of endeavor which may exist can only result in strengthening essentials."

"The State Chamber representatives now seek to create a compensatory issue by charging Mrs. Glasen with unfairness."

Registration Found To Be Below Par

With registration open until Friday, 2254 students have been issued registration books. This is a lower figure than have attended in the past two years. In 1933, 2336 students were enrolled, and in 1932, 2263 undergraduates were attending during the Spring quarter.

La Torre Sales Drive Resumed In Attempt To Contact Every Student

Dr. MacQuarrie Attends Meeting Of Civil Service

Dr. T. W. MacQuarrie attended an important meeting in San Francisco on March 25 as one of a committee who discussed whether the college should come under civil service. Dr. Hamilton of Chico State and Dr. Roberts of San Francisco State were present as well as eight members of the State Employees Association.

Although California is under the civil service, there is no provision for it in the constitution, and since it can be changed by the legislature it is very unstable. A constitutional amendment is to be brought up this fall, and because of it the State Teachers Colleges are attempting to reach a decision as to whether or not they wish to come under civil service.

The state desires that the colleges come under civil service but the University of California would remain as it is at present. No other colleges in the United States are known to be under civil service, and it is feared that the system would tend to make the colleges too mechanical. The instructors would all have to go up to Sacramento and take examinations, and the results of these would determine whether or not they would continue to hold their present positions. A vote was taken among the heads of the departments of this college last quarter, and they favored continuing under the present system. The State Employees Association is greatly in favor of the State Teachers Colleges coming under civil service.

Thirty Years of Dirt Remain on Windows

CHICAGO—An accumulation of 30 years' grime ornaments the windows of the men's dining room at the University of Chicago.

Ever since the completion of the building 30 years ago, the windows have not been polished because, if clean, they would "outshine" the somber surroundings of the structure and destroy the desired effect. The building is a replica of the dining hall of Christ's Church in Oxford, England.

The sunlight, it was explained, would conflict with the artistic setting inside and therefore, excepting that removed by rain, the grime has been allowed to coat year after year.

English A Results Poor; 35 Failures

Results of the English A examination given Saturday in the Little Theatre were poor, according to Dr. R. W. Barry, head of the English department. Of the students who took the examination only 30 passed, and 35 failed. Those who did not pass will be required to take the course in English A.

NOTICE

Jennings Calls Meeting Of La Torre Sales Staff Monday

Orders For Annual To Be By Subscription Only This Year

Resuming the intensive campaign started last quarter, La Torre sales manager Harry Jennings has called a meeting of his staff for next Monday, April 2, in the La Torre office at 12:30.

With subscriptions progressing as rapidly as possible at such an early date, the manager and his assistant, Louise Hocum, is planning to contact every student and faculty member in the college, since orders for the annual will be based on subscription only.

SUBSCRIPTIONS URGED

Because of this fact, and since La Torre will be released about May 15, the first time the college annual has been in circulation at such an early date, everyone who plans to purchase an annual is urged to subscribe at once. Salesmen who will compete for highest honors during the next four weeks are Louise Hocum, Hugh Staffelfach, Elmer Stoll, Rae Dobyns, Marba Vansickle, Carl Palmer, Clarence Naas, James Fitzgerald, Howard Burns, Dee Shehtanian, Bill Moore, Evelyn Pritchard, Muriel Hood, Gerry Christmas, Evelyn Cavala, Helen Buswell, Jim Grimsley, Ambrose Nichols. All these are requested to attend the meeting Monday.

The entire personnel of the student body will be divided among the salesmen, who will then contact every member on his list. Since all seniors have been checked off, none of them will be approached at this time. However, any senior who will not graduate either in June or August, should see one of the salesmen if he desires to buy a La Torre.

PRIZES OFFERED

A plaque will be presented on Recognition day to the salesman selling the most La Torres. Any salesman who sells fifty or more annuals will receive half payment on an annual. A chart in the La Torre Office will show the progress of sales, and serve as an incentive to

(Continued on page two)

Group Pictures To Be Taken Next Week

All group pictures for the La Torre will be taken next week at noon in the Little Theatre. A definite schedule announcing the day and time for each picture will appear in the Monday issue of the Times. Since the group pictures will be taken when scheduled, regardless how many of the members are absent, it is imperative that students to have their pictures taken with groups read all announcements concerning group pictures carefully.

The following groups are to have their pictures taken: Athletic and Publication Board, Student Affairs, Yell Leaders, Iota Delta Phi, Iota Rho Chi, Y.M.C.A., Y.W.C.A., Les Bibliophiles, Smock 'n Tam, Skylight, Spanish Club, French Club, Valhalla, Spartan Spears, General Elementary Majors, Delta Nu Theta, Japanese Club, Filipino Club, Physical Education Majors, Hiking Club, Co-op Store, Tau Mu Delta, Phi Mu Alpha, Spartan Glee Club, Spartan Senate, Choir, Bel Canto, Band, Symphony, and Pegasus Club.

Industrial Science Students Nearing Completion of Big Science Telescope

Telescope To Be Used By Students In New Science Building

After working since last September, two telescopes are nearing completion in the Industrial Arts department which will be used later on in the Science Wing. The work is expected to be finished in about a month.

Mr. Spearman, under whose direction the instruments are being constructed, stated that one of the Lick scientists estimates that the telescopes will reach the 13th magnitude with the naked eye and to the 16th magnitude for photographic purposes.

The nine foot telescopes will have adjustable axes, which will permit them to be transported and mounted very easily. They will be geared to motors which will revolve them at the speed of astral bodies, making it possible for an observer to maintain a constant point of vision without making continual adjustments.

Two fifteen inch Springfield reflectors will be installed. These will be coated with aluminum by the California Institute of Technology.

Variety Of College YWCA Activities To Start Next Week

Offering a wide variety of activities for State students, the College YWCA will start its Spring program of events next week. Kate Watanabe, president, announces three different types of activity, designed to assist students to meet each other, to explore stimulating areas of thought, to develop personality and leadership capacities, through the planning and execution of a program.

All students, men and women, are invited to participate in one or more of the "Interest Groups". On Monday at 7:30 in Room 14, there will be an Interest group in the economic and social philosophy of Karl Marx. On Monday from 4 to 5:30 p.m. a group will meet to make an objective, critical, searching study of the New Testament to discover the motivation, the essential teachings, and the philosophy of Jesus. Another group will meet on Monday for informal reading of poetry and drama, especially modern works. On Wednesday nights, another group will meet to explore the biographies of significant men and women. For the place of these meetings or for any further information, please inquire in Room 14, Main Building.

Besides Interest Groups, there are Administrative Committees, which plan and carry out the program. These are Membership, Finance, Hostesses, Suppers and Parties, Musical Half Hour, and Public Affairs Forums.

There are a number of events presented by the College Y.W.C.A. for the Campus as a whole, such as the Musical Half Hour every Friday noon, Public Affairs Forum, occasional parties and picnics, the June Breakfast and Conferences.

Membership in the Association is open to all College women, and dues are only 25 cents per quarter. Membership is not necessary to participate in the activities. The College YWCA is located in Room 14 of the Main Building. Kate Watanabe is president, and Miss Rose Terlin is the employed secretary.

Shall We Change the Name?

When a name has outlived its usefulness, the thing to do is change it. We have an organ on our campus that has been carrying a useless name for almost four months.

That organ is the Times. Since last quarter, it has been a daily and it will continue to be a daily. Why not then, change the name to correspond to its new importance.

Several names have been suggested. Among them are "Spartan Daily", "Pioneer Daily", and "State College Daily".

They are all good names and they will be submitted to the Board of Publications next Tuesday. You students should be vitally interested in any change. We will be interested in hearing from you in regard to this subject.

Many students and faculty members have thought for some time that the name Spartan is not as good for our college as would be "Pioneers" for example. That name suggests a world of things.

We are the oldest State institution and are deserving of such a name. Pioneers we are in every sense of the word.

Such a name would fairly present to the public the fact that we are one of the oldest colleges in the west. Why not advertise the fact?

Think it over, students, and write us your ideas on the subject. We will be glad to print excerpts from your letters so that all in the school may be informed of the student opinion on the question of name changes.

1934 Rushing Rules

- A. Rushing shall be held the first and third quarter of each college year.
- B. There shall be no wearing of pins during the first week.
- C. There shall be no rushing during the first two weeks of winter quarter. (NO society girl and non-society girl may have any engagement off the campus during this week.)
- D. Rushing shall begin on the second Sunday after registration and shall end two weeks from the following Sunday.
- E. PARTIES:
 1. There shall be a maximum of four (4) parties, one of which shall be preference night.
 2. One member of a society and her man friend may attend a social function with one new student and her friend, and this group shall not constitute a rush party.
 3. Invitations for a party may be sent out at any time, but there shall be no oral invitations to preference night.
 4. There shall be only scheduled rush parties and luncheons held during rush season.
 5. A society is responsible for any party other than a scheduled party or luncheon which is given by any inactive member, alumnus, or faculty member during rush season, and to which non-society girls are invited. Penalty for non-observance of this rule shall be imposed by the Council.
 6. There shall be no parties during the fall or spring quarters under the name of a society to which non-society girls are invited unless there be present at such function at least one girl from every society.
 7. Each society shall have not more than two luncheon dates during the rushing season, and these dates shall be decided upon by the Council previous to rush season.
- F. BIDDING:
 1. Preference night bids for rushing shall be filed in sealed envelopes with the Dean of Women on Thursday morning, two days before the preference dinner.
 2. No bids shall be sent out by mail or special delivery, nor shall they be given orally.
 3. No conversation shall be carried on with girls who have received bids until the bids shall have been answered.
 4. Immediately after the bids have been filed with the Dean of Women, the Dean of Women shall send to the Co-op a letter summoning each girl who has received a bid.
 5. In confidential and individual interviews the girls who have been sent for shall tell the Dean of Women what their first choices are. If they receive bids from this first choice, they shall be told, and shall not be told of any further bids received by them.
 6. There shall be no meeting on the campus of any society girls to greet those girls who have just received bids to their sorority.
- G. INITIATION:
 1. There shall be no public initiation.
- H. BREAKING OF RULES:
 1. Any society breaking any of the Council rules will be punished by one of the following penalties—to be decided upon by the Council.
 - a. Fines.
 - b. Denial of as many rush dates as the Council decides.
- I. CHAPERONES:
 1. There shall be as a minimum three chaperones for formals and two chaperones for informals.
 2. There shall be at least one faculty chaperone at any affair held at the home of a society member.
 3. A program shall be made out for chaperones and some one couple shall sit out the dance in case the chaperones do not dance.
- J. HOURS:
 1. The hours of closing shall be at 12:00 o'clock on Friday and Saturday nights for informal parties, and 1:00 for formals except on school nights.
 2. All parties or invitations on school nights shall close at ten o'clock.
- K. THIS GROUP STANDS FOR:
 1. No loud talking in the assembly.
 2. No talking in the library.
 3. No sneaking books from the library.
 4. Helping to promote all things which will uphold the honor of the college.
- L. THE COUNCIL:
 1. The Inter-Society Council shall consist of three persons from each society.
 2. These persons shall be: President, Vice-President, and Inter-society Representative.
 3. Every term a list of the officers and members of each society shall be left in the Dean's office.
- M. EACH SOCIETY IS TO HAVE ONE FACULTY ADVISOR.
- N. HONORARY MEMBERS:
 1. All faculty members, who are to be asked to join as Honorary members of a society, shall be rushed and bidden by that society at the regular rushing and bidding time.

Just Among Ourselves

Note—This column is personal between the president and the college. Outsiders are requested not to make use of the material.

I really believe that a pipe looks better than a cigarette. There's something ample, comfortable, steaming about a pipe. A cigarette is such a nervous little thing, and the stubs do clutter up the place. If you must get some comfort between classes, why not try a pipe? One thing about it, you can't lose it very easily and it leaves no debris.

Looks as if some one really stole that money in the gym last Monday. Sort of horrible, isn't it? It was all the money the young man had to carry him this quarter. He'll have to leave college if it's not returned. Tuition has been deferred temporarily, but the state requires immediate payment and that can help for only a day or two. F.E.R.A. jobs are not available now, and there's grave doubt if he can find a way to earn the amount he needs. Tell you what, if you've got that money, be a good sport for once and turn it in. The young man needs it badly. He earned it fair and square, and he's stuck if you don't give him a break. If you haven't all of it now, turn in what you have. It will be good for your soul.

We had a rather fine example recently. A valuable book containing some irreplaceable prints was lost. Looked as if it had been stolen. Three or four people were concerned in the loss and it was most embarrassing. Frantic searching, inquiry, telephones and tears. Finally it showed up. May have been a mistake all around, but whatever the facts were, it finally appeared. That grand and glorious feeling that Webster talks about!

Registration went off better than usual this time. Had a couple of bottlenecks that we shall try to eliminate. Everything was pretty well cleared up by four o'clock in the afternoon. Some had to stand in line, but in general, considering the amount of work which had to be done, it was a grand success. I sometimes think that one's ability to get through registration is a fair measure of his ability to get through college. Every so often I hear of some one who

is irritated beyond bearing by the process which seems necessary to handle a college registration. Most of those people are just a bit unstable, I suspect.

I am conscious that the cases which come to me would have had difficulties in any situation. It's too bad to have to go through life full of criticism of the conditions in which one finds oneself. I shall always be glad to receive constructive suggestions, but just ordinary kicking doesn't get anywhere. Some years ago a young man brought in his registration book to me and said that if he had to go through those motions he would refuse to honor the institution with his presence. He designated himself as a stormy petrel, and after a suggestion or two from me spread his wings and flew away. An organization of this kind is planned for the great majority of normal people and simply hasn't the facilities to adjust to peculiarities which are too outstanding.

I am looking forward to a rather fine quarter this spring. We are all feeling pretty good. We have a highly selected student body, and the college organization is functioning well. If I can be of any help to any of you, please feel very free to come in and talk your problems over.

(Continued from Page One)

members of the selling staff.

Unique in every feature, the 1934 La Torre should attract a great deal of favorable attention on the Pacific Coast. Breaking away entirely from traditional, stereotyped form, co-editors Mary Binley and Ray Rhodes have planned a modernistic book in the color combination of turquoise blue, silver, and black; with art work, photography and design conforming to the attractive theme.

"Write-ups" have been eliminated as far as possible in the annual, the editors believing pictures to be more effective. All photography was done by Pat Pavley, whose offices are in the Porter building at second and Santa Clara

Frosh Track Squad Meets Commerce, Alameda Hi In Triangular Meet Today

THE SPORT SPOTLIGHT

By
Conroy and Cox

Stanford vs. U.C.L.A. this Saturday at Palo Alto. And that is where Coach Erwin Blesh and as many of his tracksters as possible will spend their Saturday afternoon. The track team has no meet scheduled for this week-end.

In view of the fact that the locals face the Bruins a week from tomorrow in Los Angeles they should pick up some valuable pointers watching the Card-Uclan tussle.

Spartans to
Scout Bruins

Scouting track meets requires quite a different procedure from that taken in scouting basketball and football rivals, but the same helpful results are usually netted.

From a runner's standpoint, the scouting rests in studying the type of race his future opponent runs. A runner is either a pace-setter or is content to lay behind and let his opponent do the pace setting. To watch a man run a race previous to the time when you are to meet him gives an idea of the man's capability—although sometimes it tends to instill over-confidence or an inferior attitude.

As for the weight men and all field performers, they gain nothing from watching future opponents in action. They could receive the same amount of aid by reading the newspaper summaries the following day.

Bruins Will
Be Giving All

The scouting Spartans will be witnessing their next week's rivals at their best tomorrow. They will be pressed in every event by the powerful Templeton squad. Every Uclan will be giving his best performance throughout the afternoon. There will be no chance for Blesh's charges to become overconfident; rather they will realize just what a tough hurdle lies ahead.

Jimmy LuValle, famous U.C.L.A. news sensation and holder of the IC4A 400 meter record is slated to limit his runs to the 440 yard dash and relay. Thus far this season LuValle has been operating the furlong, having covered that distance in 20.8 in a meet against an all-star junior squad.

LuValle of No
Interest to Spartans

At any rate the actions of LuValle are of no interest to Blesh and the Spartan track men. None of the locals are capable of matching strides with the great Bruin in any event.

High Class Competition
For Yearling Squad

Regardless of the fact that the varsity tracksters are idle this week, campus track enthusiasts can witness excellent track competition right in their own back yard Friday afternoon at Spartan Field when track coach Harry Stoddard pits his charges against Commerce High of San Francisco and Alameda High in a triangular meet.

Commerce High coached by Harold Bellhart is the cream of the preppers of San Francisco, being defending champions of the A.A.A. In San Francisco, Sacramento Relays, Davis Relays, and Fresno Relays. This year they won the Lowell Relays and Martinez Relays.

Three Outstanding
Performers

The Commerce squad presents three exceptional prep stars in the persons of Leaf, Lewen, and Gordon.

Lewen is their outstanding performer, being a quarter miler capable of 50 seconds flat. He holds a win over Ed Donahue of San Francisco State who won the 440 against the Spartan varsity, defeating him in a meet three weeks ago.

Leaf is capable of clearing over six

State College Times Sports

SAN JOSE STATE COLLEGE TIMES, FRIDAY, MARCH 30, 1934

State Nine Trounces San Mateo; Play Santa Maria Here Saturday

SPARTANS COLLECT 13 HITS FOR NINE RUNS; "SI" SIMONI ON MOUND

Under half rainy skies on the San Mateo city ball park, Wednesday, the Spartans added another pelt to their growing list of wins. This time the Bulldogs of San Mateo J. C. fell under the batting onslaught of the Washington Square nine, the final score reading 9-3 with the Hubbard men on the long end.

With Dario Simoni pitching good ball in the pinches, the Spartans put the game on ice in the first two innings and coasted in to a win without much difficulty.

The trouble started for Mairoff, Bulldog southpaw, in the first frame when Main's grounder was bobbled. Filice sacrificed and Covello's long drive was muffed up by the centerfielder. Main scoring. When Corbella was thrown out on a ground ball, Covello scored.

Four more pairs of spikes dented the home rubber in the second stanza. Bishop led off with a line single into center field and scored when Simoni parked a double in a flourishing Oak in right center. Main singled and Simoni scored. Covello singled, sending Main to third and both men scored when Corbella propelled a two base drive into right field.

In the fifth, Pura singled to left after Corbella had walloped his second hit. The "Sarge" was thrown out trying to make third, Pura pulling up at second base. Then when Mairoff tried to pick Pura off the middle wedge, the ball wended its way into center field. Pura scoring meanwhile. Bishop and McLachlan singled in succession but were left stranded.

With two out in the seventh, Pura again singled. Bishop drove a long drive to right center and Mattson got his hands on it but couldn't hold it. Pura scoring from first and Bishop reaching third.

Frankie Covello claimed the spotlight in the ninth. The first man up, Covello smacked a long flyer over the centerfielder's head, circled the bases in record time, and scored with a mighty slide at home, the ball still being in the outfield.

"Sarge" Corbella and Gil Bishop both collected three hits in five trips to the plate, while Francis Pura nipped Mairoff for a pair of base-hits in three tries.

Tomorrow will find the Spartans facing the Santa Maria J. C. outfit at Spartan Field. The game will start at 2 o'clock and will be played on the regular baseball diamond just east of the track. The Spartans boast of a victory in the first encounter but it is no secret that the southern boys are laying for Hubbard's proteges and the Spartan winning record may be spoiled. The State lineup will probably be the same which faced San Mateo, with either Leibrandt

feet in the high jump and Gordon runs the mile in about 4 minutes 40 seconds.

Varsity track captain Lou Salvato will be the official starter this afternoon in the Frosh triangular meet.

Swim Team Faces Golden Gate JC Minus Draper

Faced with the problem of finding a new backstroke in time for the Golden Gate Junior College meet at San Francisco tonight, Coach Charles Walker has been busily trying to develop one from the men on his squad this week. The two regular backstrokers, Burton Smith and Bill Draper, are both lost to the squad for this meet. Smith suffered a back injury during the spring vacation, while Draper, who had to undergo an eye operation, will not be able to enter the water until today, and will of course not be in shape after a two week rest.

Norman Fitzgerald has been practicing backstroke for two days in order to be in shape for that event in case Draper is not in condition to swim tonight. The Jayceers are very strong in the backstroke with such men as Walker and Tuffo.

Having noted out the Jaycee team earlier in the season by a single point, the locals are pointing for this meet in order to repeat their previous victory. The Golden Gate boys, however, are determined that the Spartans shall not gain another win at their expense.

The rest which was accorded the Spartan mermen over last week will not prove any great aid in their fight to take the San Francisco team, Bill Ambrose, Ray Sherwin, and Herman Bate-man, sprinters all show the effects of a week's lay off very keenly as they practice for their events tonight, in which they will be up against such men as Lindgren and Park.

Ed Platt and Norman Fitzgerald raced through a 400 yard freestyle race in very fast time on Tuesday night, and their condition has brought favorable

or Simoni shouldering the pitching burden.

Monday afternoon the Spartans face the U.S. Army team from the Monterey Presidio. This game will also be played at Spartan Field.

The box score.

BLESCH WILL HOLD TIME TRIALS TOMORROW FOR VARSITY TRACK STARS

At 10 o'clock next Saturday morning the varsity track team will have their final time trials in order for Coach Erwin Blesh to pick a suitable squad for the following week-end trip to U.C.L.A. Due to the limited squad that will make this trip the men in all events are giving their all to be able to compete against the Uclans.

The competition on the team has been stiffened by the appearance of several former varsity and last year freshmen who were not in school last quarter. Among these men are Herman Wittenberg who hurdles and sometimes "gets over" in the high jump. Vic Lompa has not before competed for the track team, but however is eligible for the varsity this year has been known to toss the javelin around the 180 foot mark. If Vic can regain this distance again it will make Coach Blesh a very much happier man due to the weakness of this event.

Doug Taylor worked out every day in Hayward where he is going to do his practice teaching this quarter. He intends to train every day on the Hayward High School track, and journey with the team to their meets. Doug is a three year veteran and can handle his training quite successfully without Coach Blesh's instruction.

Captain Lou Salvato could be seen dashing up and down the track at Spartan Field during the vacation. Lou is taking his running very seriously, not only as he is the present Far Western Champion sprinter, but this is his last year of competition for San Jose State.

The other track men who kept up their training during the vacation were Robinson, Orem, Marquis, and others. Orem worked out at Mantion, where "Lucky" Laws, one of Sparta's former greats gave him some points from his valuable experience. Marquis could be seen throwing the discus on the beach at Santa Cruz.

Glen Harjer, who has been on the injured list due to his injury in the California meet, will report to the track to resume training this week. Harjer's return is good news to the track fans as they will remember his excellent performances in the 880 and the mile.

comment upon their possibilities in the longer distances this evening.

Harold Hauser and Dave Lynn have suffered a slight let down in the breast stroke races, but ought not to have any trouble in defeating the Jaycee in this event, in which they are notoriously weak.

The divers, Bob Kinsley and Charlie York are off form but should not find any difficulty with Cunningham, who is weak in diving.

The meet, which will take place this evening at eight o'clock in the San Francisco Y pool, looms as a close one, with the Golden Gate lads slight favorites to defeat the Spartan splashes.

Yearlings Will Be Hard Pressed To Win Meet

By Dick Higgins

This afternoon at three thirty o'clock Coach Harry Stoddard's Freshman track squad plays host to Commerce and Alameda High Schools in a triangular meet.

The Spartan youngsters are expected to win but only after a close battle. Their rivals scored 68 points in the Martinez Relays indicating their great strength.

Very little definite information is known about Commerce or Alameda except that they are strong in the mile and sprints, and probably have an edge over the locals in the field events.

At the present writing the more certain place winners for San Jose look to be versatile red headed Ray Everett and Dick Brown in the distances. The sprints are pretty well protected by Hanley, True, and Taylor.

Cammack and Brown are slowly gaining their form and should give the visitors an interesting time in both the high and low hurdles.

In the quarter mile the State entries can put on a good race of their own with Gerhardt, White, Pimental, and Baines all covering the distance in about the same time.

Although much weaker in the field than on the track the local boys who will probably be good for points to add to the total are McCleanahan in the discus, Stalman and Ballantyne in the pole vault, Everett and Olmstead in the high jump, and Olmstead and Seifried in the broad jump.

This event will be a real test and will give an indication of the future varsity; so why not come out and support our hard working frosh?

Stoddard will enter the following men this afternoon:

100 yard dash—Hanley, True.
1 mile run—Everett, Brown, Gates, and Harris.
440 yard run—Gerhardt, White, LeCroy, Bains, Pimental.
120 yard high hurdles—Cammack and Brown.

220 yard dash—Hanley and Taylor.
220 yard low hurdles—Cammack and Brown.

800 yard run—Everett, Brown, Van Every, Oberg.

Half mile relay—Taylor, True, Gerhardt and Hanley.

Discus Throw—McCleanahan, Wing.

Pole Vault—Stalman, Ballantyne, and Seifried.

High Jump—Everett, Olmstead, Walker, Langford, Wing.

Broad jump—Olmstead, Seifried, McCleanahan, Teresi, Walker.

Shot put—Kinnard, Walker.

Tennis Team To Meet Modesto J.C. Saturday On Tennis Club Courts

San Jose State's racket wielders open their 1934 campaign tomorrow morning against Modesto Junior College on the local courts.

A series of elimination matches played this week have provided Coach Harvey C. McDonald with a fairly accurate conception of his team, which promised to be the strongest in Spartan history.

Paul Rea has the first opening; Wallace Denny, second; George Rotholtz, third; Robert Hiatt, fourth; Clarence Naas, fifth; Cy Wood, sixth.

Rea and Rotholtz are the exponents of the doubles roost. Naas and Breur and Hiatt and Wood follow in order.

The Far Western Conference matches in May make up the only official league competition of the year.

YWCA To Sponsor Weiner Roast For First Year Co-eds

All freshmen women students are urged to take advantage of the opportunity to meet their classmates at an informal picnic to be held at Roosevelt Glen next Thursday, April 5, sponsored by the College Y.W.C.A. Games, ed by the Freshman Commission and tennis, and swimming will precede a weiner roast and supper. This will be followed by a sing around the campfire and a program.

Those planning to attend the affair must sign up by Thursday noon in Room 14 at either 4 or 5 o'clock. Tennis rackets and a bathing cap are necessary to participate in the sports. Miss Charlotte Schlessler is in charge of arrangements for the picnic.

Symphonic Band To Give Annual Concert

Wednesday evening, April 11 has been set as the date for the annual concert of the San Jose State Symphonic Band, which is under the direction of Raymond Miller, prominent music department instructor. The concert will be held in the Morris Dailey Auditorium.

The personnel of the band consists of approximately seventy students, and has an unusually complete instrumentation. The program to be presented will be varied, and will no doubt suit nearly every musical taste.

--: HOT AIR --:

Despite the fact that the State College Times gave birth to some thirty odd columns last quarter, this issue sees the beginning of another one, which, we hope, will prove to be as useful as it is different.

And here it is—a department dedicated solely to the previewing of current happenings on the radio and organized for the purpose of informing our readers what air programs are worthy of the twirling of the center dial and what are deserving of a quick switch of that little knob on the right.

And so without any more ado, Mr. and Miss AmAIRica, we'll go into a huddle about tonight's etherings and see what the result may be.

PLENTY OF DRAMA

Friday night seems to be dramatist's old home week over station KGO, for three famous and well organized drama groups emote, each at separate hours on this wavelength. 7 o'clock finds the First Nighter waiting with his cab to take the audience to the Little Theatre off Times Square, where crisp-voiced Don Amache and June Meredith will present another half hour drama in the interest of the Italian balm company.

Following them, One Man's Family takes the air. This radio feature has become more and more liked each week, until now it is being sent out over a semi-National hookup.

CRIME SOLUTION

And at 8:30 the makers of those bubbling salts present Eno Crime Clues.

These well arranged broadcasts offer two programs weekly. One Thursday to commit the crime and fling hundreds of possible solutions of the deed at you, and one Friday to solve the mystery and to make you more than peeved to learn that the president of the So And So Railroad set fire to the victim's beard and not the houseboy, as you suspected.

KGO's contribution to the field of humor comes at 6:30 when Phil Baker, the Armour's Star Ham, takes the mike with his two stooges, Beetle and Bottle.

THE BIG TEN

The rest of the evening goes to dance orchestras, starting with Phil Harris and his bunch assisted by the lovely (so the announcer says) Leah Ray. And later in the night, from 10:15 on, all stations feature dance music, and the three people who have no homework can take their pick of Bill Fleck, Gus Arnheim, Fio-Rito, or Tom Coakley.

However, the best program for those interested in dance music and who wish to really be right up in there on the latest numbers is KGO's Big Ten broadcast from 9:00 'till 9:30. This feature is arranged from the weekly poll that Variety Magazine takes in the unending search of what ten popular songs lead the field at the present moment. The list is made from requests, pieces played by orchestras, and the most popular ones sung during the week.

LAST WEEK'S LIST

Here is last week's ten best, named in the order of their popularity: You ought To Be In Pictures; Let's Fall In Love,

Changes Advocated For Constitution At Campus Discussion

Attempting to secure suggestions for a suitable revision of the college constitution, campus leaders met last night in the Times office for a discussion of the recently developed issue.

The presidents of the various College Organizations, officers of the associated Women Students, and several members of the Executive Board attended the meeting, over which student body president, Frank Covello, presided.

Although no definite conclusions were reached last night, several significant changes were advocated. As soon as a satisfactory arrangement is decided upon, it will be referred for the student body to be voted on at a special election, and, if passed, the revision will be adopted.

Over Somebody Else's Shoulder; Without That Certain Thing; Shelter From a Shower; There Goes My Heart; Champagne Waltz; Wagon Wheel.

Aside from having the heaven sent break of being presented minus the usual advertising, this work combines the work of Meredith Wilson's orchestra and the pleasing voice of Tommy Harris.

Do you want to rent sixty minutes some night from the two main broadcasting companies to say hello to the folks back in Podunk?

All right, if you hurry we can arrange it for you for the sickly stipend of \$28,000!

Phil Baker: "So you're reading a book on the life of Peggy Joyce, are

Basketball Squad Will Get Sweaters And Gold Awards

With the close of basketball season comes the announcement from Graduate Manager Webster Benton of the awards for the championship team. Concannon, Downs, Gibson, Holmberg, Isenberger, Scott, Taylor, Win and Manager Strong will receive sweaters.

Besides the ten men already mentioned, Biddle, Hubbard, Rea and Captain Leibbrandt will receive the gold basketballs emblematic of the Far Western Conference championship that belongs to the Spartan basketballers. The men who will receive sweaters are urged to report to the sport shop to be measured.

All the men with the exception of Bud Hubbard, will be eligible for another season under the new mentor, Erwin Blesh, who will assume the duties of basketball coach at the close of the present track season.

CWA Funds Available Until This June 16th

The C. W. A. appropriation will continue until June 16, it was revealed today by President T. W. MacQuarrie.

The rumor that the emergency fund for several hundred college students would be stopped at the end of the month was dispelled.

you, Beetle? How far into it are you? Beetle: "Oh, I'm only up to Chap 6!"

— what it means

the cigarette that's Milder
the cigarette that TASTES BETTER

© 1934, LIGGETT & MYERS TOBACCO CO.

—to keep on hand
350,000 bales of
Turkish tobacco
to add something to the taste

So important is Turkish tobacco in the Chesterfield blend that we maintain a modern up-to-date tobacco factory in the far-off city of Smyrna.

Turkish tobacco adds something to the taste and aroma of a cigarette that no other tobacco can give.

It means something that Chesterfield always has in storage upwards of 350,000

bales of this aromatic Turkish leaf.

This Turkish tobacco is blended and cross-blended with ripe mild home-grown tobaccos to give Chesterfields a taste and aroma that is not like other cigarettes.

Everything that money can buy is used to make Chesterfield the cigarette that's milder, the cigarette that tastes better.
